Рис. 10: Эксперимент на права доступа - часть 5

Шаг 7 - Заполнение второй таблицы

Шаг 7 - Заполнение второй таблицы

Таблица 1: Минимальные права для совершения операций от имени пользователей входящих в групп

Операция	Права на директорию	Права на файл
Создание файла	(030)	(000)
Удаление файла	(030)	(000)
Чтение файла	(010)	(040)
Запись в файл	(010)	(020)
Переименование файла	(030)	(000)
Создание поддиректории	(030)	(000)
Удаление поддиректории	(030)	(000)

Выводы

1. Создала учётную запись пользователя `guest2` и проделать последовательность команд, описанных в лабораторной, которые направлены на изучения поведения прав дикерторий и файлов – научилась задавать права для групп пользователей.
2. Заполнила таблицу «Установленные права и разрешённые действия для групп»;
3. Заполнила таблицу «Минимальные права для совершения операций от имени пользователей входящих в групп».
